## General Approach

The aim of this Acceptable Use Policy is to ensure that students will benefit from learning opportunities offered by the school's digital resources in a safe and effective manner. The responsible use of internet and digital technologies, both online and offline and access is considered an integral part of teaching and learning. Therefore, if the school AUP is not adhered to agreed sanctions will be imposed.

It is envisaged that school and parent representatives will revise the AUP at least annually. Before signing, the AUP should be read carefully to ensure that the conditions of use are accepted and understood.

When using the internet students, parents and staff are expected:

- To treat others with respect at all times.
- Not undertake any actions that may bring the school into disrepute.
- Respect the right to privacy of all other members of the school community.
- Respect copyright and acknowledge creators when using online content and resources.

The school employs a number of strategies in order to maximise learning opportunities and reduce risks associated with the Internet. These strategies are as follows:

- Filtering software and/or equivalent systems will be used in order to minimise the risk of exposure to inappropriate material.
- Uploading and downloading of non-approved software will not be permitted.
- Virus protection software will be used and updated on a regular basis.

Email: [info@merlinwoods.com](mailto:info@merlinwoods.com)  
Web:  
<https://www.merlinwoods.com/>

- Internet use within school will always be supervised by a teacher.

This Acceptable Use Policy applies to students who have access to and are users of the internet in Merlin Woods Primary School.

- It also applies to members of staff, volunteers, parents, carers and others who access the internet in Merlin Woods Primary School.

Misuse of the internet may result in disciplinary action, including written warnings, withdrawal of access privileges, detention and in extreme cases, suspension or expulsion. The school also reserves the right to report any illegal activities to the appropriate authorities.

Merlin Woods Primary School will deal with incidents that take place outside the school that impact on the wellbeing of students or staff under this policy and associated codes of behaviour and anti-bullying policies. In such cases Merlin Woods Primary School will, where known, inform parents/carers of incidents of inappropriate online behaviour that take place out of school and impose the appropriate sanctions.

Merlin Woods Primary School implements the following strategies on promoting safer use of the internet:

- Pupils will be provided with education in the area of internet safety as part of our implementation of the SPHE and other curriculum areas.
- Internet safety advice and support opportunities are provided to pupils in Merlin Woods Primary School through SPHE lessons.
- Teachers will be provided with continuing professional development opportunities in the area of internet safety.
- Merlin Woods Primary School participates in Safer Internet Day activities to promote safer and more effective use of the internet.

This policy and its implementation will be reviewed annually by the following stakeholders:

**Board of Management, teaching staff, and support staff.**

This policy has been developed by a working group including: Principal, Deputy Principal, teachers, students, parents/carers, and representatives of the Board of Management.

The school will monitor the impact of the policy using:

- Logs of reported incidents.

Should serious online safety incidents take place, DLP or DDLP should be informed.

The implementation of this Internet Acceptable Use policy will be monitored by Digital Learning Team in Merlin Woods PS.

## Content Filtering

Merlin Woods Primary School has chosen to implement the following level on content filtering on the Schools Broadband Network:

**Level 4 content filtering in schools provides a balanced, intermediate level of access suitable for teaching. It allows access to the internet and YouTube, which is frequently used for education, but blocks personal websites, social media sites like Facebook, and other harmful content.**

Students taking steps to by-pass the content filter by using proxy sites or other means may be subject to disciplinary action, including written warnings, withdrawal of access privileges, detention and, in extreme cases, suspension or expulsion.

## Cyberbullying

In accordance with the Anti-Bullying Procedures for Schools, Merlin Woods Primary School considers that posting a single harmful message/image/video online which is highly likely to be reposted or shared with others can however be seen as bullying behaviour.

This type of bullying is increasingly common and is continuously evolving. It is bullying carried out through the use of information and communication technologies such as text, social media, e-mail, messaging, apps, gaming sites, chat-rooms and other online technologies. Being the target of inappropriate or hurtful messages is the most common form of online bullying. As cyberbullying uses technology to perpetrate bullying behaviour and does not require face to face contact, cyberbullying can occur at any time (day or night). Many forms of bullying can be facilitated through cyberbullying. For example, a target may be sent homophobic text messages or pictures may be posted with negative comments about a persons' sexuality, appearance etc.

Access to technology means that cyberbullying can happen around the clock and the students' home may not even be a safe haven from such bullying. Students are increasingly communicating in ways that are often unknown to adults and free from supervision. The nature of these technologies means digital content can be shared and seen by a very wide audience almost instantly and is almost impossible to delete permanently. While cyberbullying often takes place at home and at night, the impact can also be felt in school.

In accordance with the Anti-Bullying Procedures for Schools, Merlin Woods Primary School considers that a once-off offensive or hurtful public message, image or statement on a social network site or other public forum where that message, image or statement can be viewed and/or repeated by other people will be regarded as bullying behaviour.

When using the internet students, parents and staff are expected to treat others with respect at all times.

Engaging in online activities with the intention to harm, harass, or embarrass another student or member of staff is an unacceptable and absolutely prohibited behaviour, with serious consequences and sanctions for those involved.

Measures are taken by Merlin Woods Primary School to ensure that staff and students are aware that bullying is defined as targeted behaviour, online or offline that causes harm. The harm caused can be physical, social and/or emotional in nature. Bullying behaviour is repeated over time and involves an imbalance of power in relationships between two people or groups of people in society. Posting a single harmful message/image/video online which is highly likely to be reposted or shared with others can however be seen as bullying behaviour.

The prevention of cyberbullying is an integral part of the anti-bullying policy of our school.

In accordance with the Department of Education's Procedures to Prevent and Address Bullying Behaviour for Primary and Post Primary Schools; Merlin Woods Primary School considers that a school is not expected to deal with bullying behaviour that occurs when students are not under the care or responsibility of the school. However, where this bullying behaviour has an impact in school, schools are required to support the students involved. Where the bullying behaviour continues in school, schools should deal with it in accordance with their anti-bullying policy.

# Artificial Intelligence

Merlin Woods Primary School will make necessary adjustments to our school policies and procedures when adoption and integration of AI is relevant and based on review and feedback.

A regular review of the impact of AI on learning outcomes is to be conducted to ensure continuous improvement.

Entering personal, sensitive, or confidential data into any AI system without proper authorisation is strictly prohibited.

Learners will not create, share or send any AI generated material that is illegal, obscene, and defamatory or that is intended to annoy or intimidate another person.

Staff and learners must not use AI in any way to harass, insult, abuse or defame learners, their family members, staff, other members of the Merlin Woods Primary School community

Staff and learners must not engage in activities involving AI generated material which might bring Merlin Woods Primary School into disrepute.

Merlin Woods Primary School promotes digital literacy and critical thinking skills to help learners understand AI, its implications, and responsible usage. This includes data literacy, verification of AI-generated information, and recognising potential biases in AI tools.
